TO: ALL PINE LAKE RESIDENTS

Since this is my first contribution to the newsletter as President, I want to thank all of the people that have volunteered to work for the good of the Pine Lake community. I know that we don't always agree with each other on what that good is, but a lot of people have tried based upon their experiences and analysis of particular situations.

I know that I might not be the President of the PLA if there had been a real election with more than one choice. That didn't happen so I am it until you fire/recall me or until next June - whichever comes first. I hope that we don't have any controversial issues with which to deal this year. For whatever control that I have over the situation, I hope to involve you in deciding what we should do as an association. I want you to decide what activities that we do and the details involved in those activities. The Board officers and the Point Directors have the same goals. Of course, we may differ on the best way to work toward these goals. We can only accomplish them if you volunteer your ideas, volunteer as much

physical and/or financial support that you can, and volunteer to try to get others involved in the same manner.

I don't know how many of you have had bad experiences with me or at least have the perception that they were bad. I have heard people (and have done it myself at times) complain about individuals or the PLA in general. Whether the judgments are justified or just perceived, I am asking you to "bite the bullet" and work with us to improve the sense of community and the living environment at Pine Lake. In our meetings so far, volunteers have differing views about these things, but everyone has given me the impression that the only important thing is what happens from now on. We all hope that we can either work through the real or perceived problems or can put them on the back burner while we try to work together for all at Pine Lake.

I think that we will be able to do that effectively, if you know exactly what we are thinking and doing. We are go-

ing to try to be as open and honest and transparent (not the D.C. Type) about our ideas, discussions, and decisions as we can. We need you to do the same and tell us what you think and why. The more straightforward and interested that we become in each other, the less likely there will be those real or perceived problems. You will read about them in other places, but the Directors, a modified website (pinelk.org), the newsletter, committees, and email will be used to help us communicate with you in as personal a manner as possible. We ask you to use the same to communicate with us before smaller problems or perceptions get large enough to hurt our community in some way. If you don't get an acceptable answer from one source, we hope that you will from another.

You may ask yourself what the PLA can really do for you and Pine Lake. Those who have volunteered already are trying to find out what you want and if the PLA can provide that.

Cont'd from P. 1

Volunteers are examining the benefits that PLA members should receive for their membership. They want you to give them your ideas, too. We have a number of new Point/Street Directors to help with that. The more that we have, the easier it will be to communicate things from the PLA to you. Also, the Directors may already know you and can get your input and assistance. If they don't know you, they will try to get to know you for the same reasons. If you would like to volunteer as a Director for your area or to help the current Director, please let us know.

Because of what appeared to be a lack of interest or support, some activities like the Boat Parade were changed. This may have to happen to other activities if people really don't care. In the time that I have been President, I am certain that most people at Pine Lake do care and that you do want activities that will contribute to a new or renewed sense of community. I know that the officers and other volunteers worked very hard at trying to keep that interest and to get people to volunteer or otherwise support what they were doing. The current officers, directors, and committee members will continue to do that. I know that there are many of you who will get involved if the right person asks in the way that you need, if the right activity that can meet your needs is

planned, or the right job that you think that you can do to your satisfaction comes up.

Lorrie Bell is already working on a new Pine Lake Directory (details to be provided). Already we have Jorene Morrow and Nancy Green planning a Children's Halloween Party the afternoon of Halloween Day, October 31 at the PLVFD Fire Barn. They need your help and your children. We may already have someone to lead the 4th of July activities this year and have a tentative theme of "Only in America" a song by the Drifters and Jay and the Americans. This theme may change but people have already said that they have all sorts of ideas for celebrating due to the words from this song and the new "Only in America" by Brooks and Dunn. Where our ancestors came from, the freedoms that we have, the celebrations/holidays that we can have, etc. -- in many cases can only happen in America. Some have talked about decorating their property, having a theme party, decorating boats, etc. Some of that can be done on your own without the need for PLA support. However, if we are to have Boat Parades, Scavenger Hunts, Turtle Races, Paddle Boat races, Raffles, Prizes, etc., we WILL NEED YOU TO VOLUNTEER! One or two people can not run all of those. I know many of you would do a

good job helping with these and if you recruit helpers, it would not detract from your own time and celebrations.

I am excited about what can happen this year with the people who have already volunteered and those who are waiting to volunteer. We may not be bigger or better at the end of the year, but we will experience that community feeling that should come when we are blessed with living at Pine Lake. I am also asking people to volunteer for a Membership committee to recruit Officer and Director Candidates for next year. I believe that we need more than one candidate. If you reelect someone over another candidate, the person reelected will know that they have your support. If you elect someone new (like the President), that means it probably was time for a new one. That is called growth.

Until next time, please transplant any gators or crocs to Gator Alley and don't forget to feed them. The few that have survived are awfully lonely and haven't reproduced in a while.

Don Harper
President,
Pine Lake Association

We're on the Web!
www.pinelk.org

Vice-President's Corner

As the new Vice-President of the Pine Lake Association, I would like to take a moment to introduce myself. I am Eric Hibma from Lake#4. My wife and I and our 3 children have lived here since July 2008. We have thoroughly enjoyed our time on this beautiful lake. I usually kayak around lake #4 or lake #3 in the morning before work, we have enjoyed skiing, tubing, wakeboarding, fishing, or just boating around the lake. We even enjoy ice-skating, ice-fishing, and cross country skiing around the lake in the winter

time.

With such a valuable resource in our backyards, my desire would be to be a good steward of this resource and help others be good stewards too. My wife and I joined the PLA upon arrival to the lake, and became directors for the first year. We found the PLA meetings very informative with regards to lake issues, community resources, and a good place to meet other lake residents. Meeting other residents was probably the most difficult part of moving to Pine Lake. With many sea-

sonal and weekend-only residents, it was somewhat difficult to meet people. Building a sense of community on Pine Lake is going to be one of our main objectives as a new Board this year. There has already been a pig roast, "Elvis" is coming back to a lake 4 party, there will be a Halloween party, and of course the 4th of July activities are already being planned.

I look forward to working with this Board and other lake residents for 2009-2010.

Eric Hibma

Another Outstanding 4th of July on Pine Lake!

The Pine Lake Association sponsored another fun filled 4th of July weekend this year! Fun was had by all who watched the fantastic fireworks display held on Friday, July 3rd. This year's show was conducted again by Wolverine Fireworks who shot off another spectacular display from the MCTI shoreline. Everyone also enjoyed the patriotic music provided by DJ - Victor Minnard, from Ron Everitt's family's beach on Ford Point. Our apologies for publishing this as the Ellinger household last year! So....Thank you Everitt Family for 2008 & 2009! The Turtle Races were held at MCTI on Sat, July 4th again by Nancy Gibson who makes this such an exciting and fun event every year! There were about 100 residents who attended to cheer on the turtles and participants, and a variety of prizes were awarded to all. After the Turtle

Races, Alyssa Heidrich conducted the Paddle Boat Race in which 4 teams competed. Metals were won by the 1st, 2nd & 3rd place teams and various prizes were again given to all participants! The Pontoon Scavenger Hunt was held on Sunday, July 5th and also had 4 teams participating this year. The "loot list" was a little more difficult this year and we added 10 additional items to make the event more challenging. Lakefront residents participate & enjoy this event also as they "scramble" to find the items on the list for the pontoon teams! Don Verbeke of Lake 4 again donated the \$100 prize money won by the *Purple Passion* team this year! Photos of all Pontoon Teams can be viewed on the PLA website: www.pinelk.org. Thanks again to all who donated time, talent, and treasure to make 4th of July 2009 enjoyable for us all.

We need your help! The 4th of July celebration is our biggest community involvement event on Pine Lake. It is a lot of fun, and of course, takes time and help from volunteers to make all of these activities run smoothly. Please consider offering your time and talents during the coming year. You will meet new friends and neighbors, and you will be doing a great community service! To volunteer your service and/or your suggestions, please contact any Board Officer or your Point Director. You may also email us at plaboard@pinelk.org

Thanks for a great 4th of July!

Sailboats	45	n/a	
Rowboats/canoes	130	78	-52
Swim rafts	136	114	-22
Docks	590	n/a	
TOTAL		986 in 2009	

Thanks to our official "counter" Rick Richmond. This year's count included kayaks in the canoe count. If you thought the lake was quieter this summer, looks like you were probably right! Also Rick pointed out that the article in the newsletter about the Boating Safety class would have

been improved by adding the requirements for boating licensing. A complete list of legal requirements is listed on the Michigan DNR website. What most people don't know is that those age 14 years of age or older, born after December 31, 1978 may operate a PWC legally **only** if they have obtained a boating safety certificate.

Congratulations to 4th of July Raffle Winners!

Thanks to the generosity of the following area merchants, many Pine Lake residents received prizes from our Annual 4th of July Raffle. Please support these merchants when you are in need of goods, services, and supplies throughout the year. Winners are listed below each business.

~~LOCAL "PT" DOG PARK "IN THE WORKS"~~

On August 26, 2009 at the monthly meeting of the Prairieville Township Parks Board, the Board voted on & approved a site at the Pine Lake Recreation Area (located at Doster Rd & 108 th Street) for a new dog park! The exact location is already staked and will be approximately 1 acre of chain link fenced (entirely enclosed) land where Prairieville Township & Pine Lake residents and visitors can allow their dogs to run loose. This will be a wonderful and safe location to socialize for both dogs and humans; meet new friends and neighbors! The goal is to have picnic tables for seating, accessible water and a bag dispenser for clean up. This project is being organized by Sue Boehm and Shawn Diebold from Pine Lake. The materials cost is estimated at approx. \$4000. Our Parks & Recreation Dept receives no funding from tax money; they are solely funded by the boat launch fees on several lakes and the cell tower income. There are no funds avail-

Donations for the Dog Park can be sent to the Prairieville Township Hall.

able from the Parks Dept for materials costs for this project. Therefore all efforts are being made to secure funding through donations from private residents & businesses such as dog food companies, available grants, Home Depot Community Project Program and local pet focused businesses i.e. vets, groomers, etc. A Grand Opening or Ground Breaking Event has also been suggested to conduct fund raising efforts. In an effort to reduce costs on this project, all labor for fence installation will be completed by community volunteers. The goal is to open the park by December 2009 and work will

be completed during October & November. We will coordinate & plan 3 volunteer days (estimated), once all volunteers are recruited. If you have a dog and will use the park (or even if you don't), please volunteer for this

useful project and the betterment of our community. To volunteer for fence installation please contact Sue Boehm, 664-4359 or email macbee28@aol.com or Shawn Diebold, 978-2427, email: shipside22@charter.net. You may also sign up on the sheet posted on Pine Lake Grocery's bulletin board, and we will contact you!

Please consider making a monetary donation toward the materials costs. **Donations can be sent to Prairieville Township Hall, 10115 S. Norris Road, Delton, MI, 49046** and checks made payable to **Prairieville Township Parks Commission** (please insert "Dog Park Project" in the Memo line on your check).

Thank you in advance to all our (anticipated) wonderful & generous volunteers & donators!

The Treasurer's Two-Cents Worth

We're on the Web!
www.pinelk.org

Is Fall upon us? I sure hope not; seems as though we need some more real summer "lake time" yet. At least I do! Nevertheless, we already need to start thinking about next year's July 4th Celebration and what we want - and can afford - for a fireworks display.

The 2009 Fundraising was quite successful. With Raffle Ticket sales, dona-

Help us save for 2010 Fireworks!

tion canisters and member donations the Fireworks Fund is at \$6000 for the 2010 show. That's great! However, that is what it cost for **this** year's show: fireworks and DJ only!

We know that the Independence Day lake wide fireworks display is the most popular event on our lake. And every year we hope to make it bigger and better than ever. Why not throw your spare change (or even a dollar or two) in the donation canisters whenever you're at Pine Lake

Boat & Motor, the Pine Lake Diner, or Doster Store? Your donation will go towards making the 2010 celebration a year to remember at Pine Lake. And if you haven't joined the PLA yet for 2009-10, it's not too late to join and make a donation on the line for the 2010 fireworks of your membership form. Thank you.

Dianne DeYoung, Treasurer

Pine Lake Pump

Prairieville Township Trustee, Bill Miller reported to me that he recently had a test of our Pine Lake pump and is committed to making sure we don't run into another situation where a special assessment is needed to catch up on long deferred maintenance. The previous expense you saw on your tax bill was because the Barry County Drain Commissioner, who has authority over the pump, proceeded with costly maintenance/repairs without being

in consultation with the township. Thanks Bill, for watching out for Pine Lake residents. While low water levels are not a problem right now, that's for sure, it's good to know the pump is in good working order should it ever be needed. For those of you who may not know, the Pine Lake Association's initial main function was to address the extremely low water level that had reached a crisis point in the 1960s. Due to the PLA efforts, a permanent pump was installed to raise the water

level in the lake and make it possible to pass through the channels again and to restore lake frontage, especially to many cottages on Lake 3. Pine Lake is a spring fed lake with no inlet or outlet which causes our water levels to vary greatly depending on a number of factors: Snow melt, rains, evaporation/ extreme dry weather conditions, activity/inactivity of the springs. You can't fool Mother Nature, but the pump is there should She need a little help someday again.
 Lana Langone

Wow! Where can I get some good looking Pine Lake Association apparel???

Look no further! But... PLA apparel is going fast, get it now! We don't plan to print up any more, so get your exclusively designed Pine Lake Sweatshirts and T's at ***Pine Lake Boat and Motor*** - you know where - the boat launch on Doster Road, Lake 1.

Really cute hoodies, sweatshirts and T's for Youth sizes from 2/4 - Large. Lots of T's for adults in almost all styles, but just a few sweatshirts left - black with the distinctive "PINE LAKE" motif. Priced to fit your budget and SHOW YOUR PINE LAKE PRIDE!

Pine Lake Apparel make great gifts too!

Get your Pine Lake Apparel today!

“What the heck is a Point Director?”

We're on the Web!
www.pinelk.org

In addition to our five officers (President, Vice-President, Secretary, Treasurer, and Sergeant-at-Arms) the By-laws of the Pine Lake Association allow for up to 30 “Point Directors” to round out your board of directors.

The term “Point” was no doubt originally chosen as many of our neighborhoods around the lake are defined by such names as Boniface Point, Long Point, Fords Point, Sycamore Point, Breezy point and so on. Perhaps a more definitive name might have been “Street” Director, or “Neighborhood Director, as our goal will be to have a director assigned to every street or neighborhood on the lake.

Regardless of the title, the importance of our Point Directors cannot be over-emphasized. In order for our Association to be effective, there

must be a free and timely two-way flow of information and ideas between the members and the Board. Your Board needs to know the issues and concerns that are important to you, the members; and the Board

Together we can make a difference!

needs an efficient method of responding to those issues and concerns, and to notify the membership as to important dates, times, and locations of various meetings and activities etc, to the entire lake-wide community. The Website is a wonderful resource to those of us that are “on line”. And the high quality Newsletters that represent the hours of work from our talented volunteers are also very helpful, but we only send three a year. We have found that there is no substitute for face-to-face, one-on-one contact to truly understand your

needs, and to disseminate information back to each of you effectively.

It is likely that our founding members determined that with roughly 600 residents, if we had 30 Point Directors, then each director could be responsible for, and to, a very manageable number of 20 families. If room permits we will post the names, locations, and contact information of our existing Point directors. Or you can always find that information on our website. Please take note of the director closest to you. And if you don't see a director assigned to your neighborhood, then we hope you might feel led to step up and fill that void.

To all our Directors, past, present, and future....and all our volunteers on the various standing committees....a great big THANK YOU! We can't do it without you!

Volunteers Needed for Membership Committee!

For the past few years we have not had the volunteer manpower to maintain a standing Pine Lake Association Membership Committee. Yet, with only 183 current members out of over 600 residents, the need for support in this area has never been greater.

Considering all that the Pine Lake Association does, the financial stake we all have in this wonderful resource, and the modest membership fee of only \$25.00 per year, we can't understand why we don't have 600 members.

The association exists to help preserve the heritage and quality of our natural resource, to educate and com-

municate issues of mutual interest and benefit to our residents, to maintain our buoys that mark our channels and identify hazards, to promote safety as we all enjoy the lake from our varied perspectives, to sponsor community activities such as our wonderful Fourth of July Celebration, and to foster the general sense of "Community" that makes Pine Lake such a great place to live. We share ideas and garner input

through our face-to-face meetings during the year, through our website, and through the three newslet-

ters per year such as you are reading now.

So whether you swim, boat, fish, kayak, sail, ski/tube/wakeboard, or just enjoy the spectacular beauty of our water-wonderland and natural fish, fowl, and animal habitat, you NEED to become involved. So if you aren't already a member, please join. And if you are member and have a heart for promoting greater involvement by our residents in this community, then please step-up with your time, talents, and ideas, and volunteer to be a member of, or perhaps chair, the membership committee. WE NEED YOU!! Please contact any Board member at pla-board@pinelk.org or attend our next meeting in person to make your voice heard.

The PLA—working to preserve our heritage.

Scout Makes Big Improvements Happen at Pine Lake Rec Area

Pine Lake resident, Corey Cook approached the township regarding taking on improvements to our Prairieville Township Recreation Park as the final project towards his Eagle Scout designation. With the township's permission, Corey coordinated two work days. Acting as "Project Manager" Corey made all the arrangements for labor, materials; set up the times and project parameters. About 30 scouts, siblings, parents and others put in two work days - a Friday August 14th and Sunday August 16th. They stripped the roof on the pavilion - and none to soon as some boards had rotted and had to be replaced. They also stripped and reroofed the shed which they then relocated to the concrete pad where the double wide had previously been. The township went with lighter colored shingles for the pavilion as they were less expensive; the Scouts

An Eagle Scout designation is Scouting's highest honor. Congratulations to Corey Cook on earning his Eagle Scout designation this year!

supplied all the labor which resulted in a real savings to the taxpayers. The volunteers built new doors for shed and stained the pavilion, the shed, the existing picnic tables. Corey also took charge of ordering 2 new picnic tables (paid for by township). Corey supervised troop members to rake and redo the volleyball court, clean up the woodchips by the swings and clear out much accumulated trash by the fences. Corey should have received his Eagle Scout

designation, Scouting's highest honor, by the time you are reading this. Thank you for a great job well done, Corey and congratulations on your achievement!

Dawn Craft of the Prairieville Township Parks Board indicated interest by other Eagle candidates in taking on other projects in the township.

And...if you haven't enjoyed our Pine Lake Rec Area park, check it out! It is right on Doster Road past the corner after Pine Lake Grocery. There is NO CHARGE for use of our Pine Lake park. For more information call the Township at 623-2664 or go to the Prairieville township website www.prairievilletwp-mi.org - "Parks" heading at top of page.

Contributions to this article were made by Dawn Craft and Mr. Cook (Corey's dad).

PLA Board Meeting

Thursday, October 15

7:00 p.m.

MCTI Chapman Lodge

Mark your calendars for the next PLA Board Meeting. All are welcome! Meet new neighbors and community members, share ideas, and learn how you can be a part of the decision making for this community organization.

PLA 2009-2010 Membership Drive

In an effort to continually increase our membership, we are requesting all current members to recruit one neighbor, friend, or relative on Pine Lake to join the PLA. If we each recruit one new member, we will double our membership! The information you supply will also be used to update our PLA Directory.

Pine Lake Association Membership Card & Directory Update
