

## Neighbors

The PLA is trying to sponsor a thank you Pig Roast for the Pine Lake volunteer fire fighters. It's a noble gesture, and extremely well deserved. I doubt there is one person who either has not received the services these brave people offer or know someone who did.

When a call comes in these people respond! They don't think they have been too busy this summer, or are tired, or have other plans. The pagers go off and they dash to save the lives and property of you the people of Pine Lake. Each and every call they put their lives at risk to save yours or your property. What price can one put on this? What is a life or a lifetime of memories/possessions worth? I am hoping some of your time

Date is August 28<sup>th</sup> at the Pine Lake recreation Area on Pine Lake Rd

I am making a call out to you that we need volunteers to be able to put on this event.

Needs:

1. Does any one know of a local farmer who may be serviced by the Pine Lake Fire Dept. who might consider donating or supplying 2 large hogs for the event? The more we can get donated the more can go to the Fire Department fund!!
2. Does anyone have contacts we might use to get donated or at cost rolls, side dishes, ETC for the roast?
3. Any farmers who could donate or at cost sweet corn?
4. Volunteers to take turn to watch the pigs roast (no experience is necessary)
5. Setup people to get tables and chairs from the fire department and setup
6. People to staff setup of food, delivery and stocking
7. Plates, forks, napkins
8. Cleanup

This is a 100% no charge event.

Most of these tasks are about 1 hour if we get the volunteers we need

Call or email me
